3. To approve unallocated options under the Stock Option Plan of the Company.

How many votes are required to approve matters?

All matters to be addressed at the Meeting must be approved by a simple majority of the votes cast by Shareholders, either by proxy or in person at the Meeting.

How many votes do I have?

You are entitled to one vote for every Share that you are entitled to vote at the Meeting.

How will meeting materials be delivered?

We are using notice and access to deliver the Information Circular to both our registered and non-registered shareholders. This means that the Company will post the Information Circular online for Shareholders to access electronically on the Company's profile at www.sedar.com and on the Company's website at www.autocan.ca. You will receive a package in the mail with a notice (the "Notice") explaining how to access and review the Information Circular electronically, and how to request a paper copy at no charge. You will also receive a form of proxy or a voting instruction form in the mail so you can vote your shares. All applicable Meeting-related materials will be indirectly forwarded to non-registered Shareholders at the Company's expense. The Company will provide paper copies of the Information Circular to Shareholders who have standing instructions to receive, or for whom the Company has otherwise received a request to provide, paper copies of materials.

Notice and access is an environmentally friendly and cost effective way to distribute the Information Circular because it reduces printing, paper and postage.

How many Shares can vote?

AutoCanada is authorized to issue an unlimited number of common shares and an unlimited number of preferred shares. As of the Record Date, there are 26,631,984⁽³⁾ Shares issued and outstanding and no preferred shares issued and outstanding. On all matters to be considered and acted upon at the Meeting, holders of Shares are entitled to one vote for each Share held.

To the knowledge of the Directors and the executive officers of the Company, as at the Record Date, no person or entity beneficially owns, or controls or directs, directly or indirectly, more than 10% of any class of our outstanding shares, including the Shares, except as set out in the following table:

(1) Number of Shares Owned, Controlled or Directed is based on filings made by shareholders on www.sedar.com.

(2) Percentage of Shares Outstanding is calculated based on Shares issued and outstanding as of the Record Date.

Who counts the votes?

Proxies and votes of Shareholders attending the Meeting are counted by Computershare, who will act as scrutineer of the Meeting. Following the Meeting, a report on the voting results will be filed under AutoCanada's profile on SEDAR at www.sedar.com.

What is the deadline for proxy voting?

We encourage you to submit your proxy as soon as possible to ensure that your vote is counted. Proxies must be received by Computershare not later than 3:00 p.m. (Eastern Time) on Tuesday, May 3, 2022, or if the Meeting is adjourned or postponed, 48 hours before such adjourned or postponed Meeting (excluding Saturdays, Sundays and holidays). The time limit for the deposit of proxies may be waived by the Board without notice. If you are a non-registered Shareholder exercising voting rights through a nominee, you should consult the voting instruction form from your nominee as they may have different and earlier deadlines.

HOW DO I VOTE?

I am a Registered Shareholder. How do I vote by proxy?

You can use the enclosed instrument of proxy ("Instrument of Proxy") to appoint your proxyholder and to indicate how you want your Shares to be voted. The persons named in the Instrument of Proxy are Directors or officers of AutoCanada.

However, you can choose another person to be your proxyholder, including someone who is not a Shareholder. If you choose this option, you should cross out the names printed on the Instrument of Proxy and insert another person's name in the blank space provided, or by completing another appropriate proxy form.

You may vote by proxy even if you plan to attend the Meeting. However, if you are using a 15-digit control number to login to the Meeting and you accept the terms and conditions, you will be revoking any and all previously submitted proxies. However, in such a case, you will be provided the opportunity to vote by ballot on the matters put forth at the Meeting. If you DO NOT wish to revoke all previously submitted proxies, do not accept the terms and conditions, in which case you can only enter the meeting as a guest.

(3) Shares issued and outstanding are based on information from Computershare, adjusted for shares repurchased and cancelled under the Company's Normal Course Issuer Bid.

Registered Shareholders have four ways to submit a completed Instrument of Proxy:

1. By fax, by completing and signing the enclosed Instrument of Proxy and forwarding it by fax to the attention of Computershare at 1-416-263-9524 or 1-866-249-7775;
2. By internet, by completing and submitting an Instrument of Proxy at www.investorvote.com, to transmit their voting instructions. Shareholders should have the Instrument of Proxy in hand when they access the web site and will be prompted to enter their Control Number, which is located on the Instrument of Proxy. If Shareholders vote by internet, their vote must be received not later than 3:00 p.m. (Eastern Time) on Tuesday, May 3, 2022 or 48 hours prior to the time of any adjournment or postponement of the Meeting. The website may be used to appoint a proxyholder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions.
3. By mail, by completing and signing the enclosed Instrument of Proxy and mailing it in the envelope provided; or
4. By hand delivery to Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1.

Shareholders who wish to appoint a third party proxyholder to represent them at the online meeting **must submit their proxy or voting instruction form (if applicable) prior to registering your proxyholder. Registering your proxyholder is an additional step once you have submitted your proxy or voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a Username to participate in the meeting.** To register a proxyholder, shareholders MUST visit <https://www.computershare.com/autocanada> by Tuesday, May 3, 2022, 3:00 p.m. (Eastern Time) and provide Computershare with their proxyholder's contact information, so that Computershare may provide the proxyholder with a Username via email.

See *"I have elected to vote by proxy. How are my voting rights exercised"* below for an explanation of how the Shares represented by your Instrument of Proxy will be voted.

Please note that if a Shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their Instrument of Proxy and/or voting direction, prior to the deadline noted above. When resubmitting an Instrument of Proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last Instrument of Proxy is submitted by the deadline noted above.

The Shares represented by your Instrument of Proxy will be voted or withheld from voting in accordance with your instructions indicated on the Instrument of Proxy. Unless contrary instructions are provided, the Shares represented by proxies received by Management will be voted FOR each matter to be presented at the Meeting.

Beneficial Shareholders

I am a Non-Registered Shareholder. How do I vote?

Shareholders who hold their Shares through their nominee (brokers, intermediaries, trustees or other persons), or who otherwise do not hold their Shares in their own name are Non-Registered Shareholders and they should note that only proxies deposited by Registered Shareholders will be recognized and acted upon at the Meeting.

You should have received the Notice from your nominee, together with a voting instruction form. Please contact your nominee if you did not receive a voting instruction form. Each nominee has its own signing and return instructions, which you should follow carefully to ensure that your votes are tabulated. Your nominee is required to seek your instructions as to the manner in which to vote your Shares. If you do not complete a voting instruction form, your nominee cannot vote your Shares.

If Shares are listed in an account statement provided to a Non-Registered Shareholder by a broker, those Shares will, in all likelihood, not be registered in the Shareholder's name. Such Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Non-Registered Shareholders in order to ensure that their Shares are voted at the Meeting. The form supplied to a Non-Registered Shareholder by its broker (or the agent of the broker) is substantially similar to the Instrument of Proxy provided directly to Registered Shareholders by the Company. However, its purpose is limited to instructing the Registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Non-Registered Shareholder. If you have any questions respecting the voting of Shares held through a broker or other intermediary, please contact that broker or nominee well in advance of the Meeting for assistance.

You can appoint a person other than the Directors or officers of AutoCanada named on the voting instruction form as your proxyholder. This person does not have to be a Shareholder. Indicate the name of the person you are appointing in the space provided on the voting instruction form and complete the remainder of the form in accordance with the instructions provided by your nominee.

I am a Non-Registered Shareholder. Can I vote in person?

Unless your nominee has appointed you as proxyholder, we have no record of your shareholdings or of your entitlement to vote. If you are a Non-Registered Shareholder and wish to vote in person at the Meeting, you must first obtain a valid legal proxy from your broker, bank or other agent and then register in advance to attend and vote at the Meeting. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a legal proxy form. The legal proxy form must then be submitted to Computershare and you must register with Computershare at <https://www.computershare.com/autocanada> in order to receive a Username.

PROXY INFORMATION

How are proxies solicited?

This solicitation is made on behalf of Management. Proxies are solicited primarily by mail or by any other means Management may deem necessary. Members of Management receive no additional compensation for these services, but are reimbursed for any expenses incurred by them in connection with these services.

In accordance with National Instrument 54-101 - *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), arrangements may also be made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to Non-Registered Shareholders and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. However, the Company does not intend to pay for an intermediary to deliver solicitation materials to objecting Non-Registered Shareholders (as described in NI 54-101), including this Information Circular, and objecting Non-Registered Shareholders will not receive such materials unless their intermediary assumes the costs of delivery. Costs of solicitation of proxies are borne by the Company.

I have elected to vote by proxy. How are my voting rights exercised?

On the Instrument of Proxy, you have two choices: (a) you can indicate how you want your proxyholder to vote your Shares; or (b) you can let your proxyholder decide for you. If you have specified on the Instrument of Proxy how you want your Shares to be voted on a particular matter, then your proxyholder must vote your Shares accordingly in the case of either a vote by show of hands or a vote by ballot. If you have chosen to let your proxyholder decide for you, your proxyholder can then vote in accordance with his or her judgment.

The Shares represented by your Instrument of Proxy will be voted or withheld from voting in accordance with your instructions indicated on the Instrument of Proxy. Unless contrary instructions are provided, the Shares represented by proxies received by Management will be voted FOR each matter to be presented at the Meeting.

What if there are amendments to the resolutions or if other matters are brought before the Meeting?

The Instrument of Proxy delivered in connection with the Meeting gives the persons named the authority to use their discretion and judgment in voting on amendments or variations to matters identified in the Notice of Meeting or any other matter duly brought before the Meeting.

As of the date of this Information Circular, Management is not aware of any amendments to the matters set out in the Notice of Meeting or of other matters to be presented at the Meeting. However, if other matters duly come before the Meeting, the persons named on the enclosed Instrument of Proxy will vote on them in accordance with their judgment, pursuant to the discretionary authority conferred by the Instrument of Proxy with respect to such matters.

Can I revoke my proxy if I change my mind?

You can revoke your proxy at any time before it is exercised. To do this if you are a Registered Shareholder, you must deliver an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by a duly authorized officer or attorney thereof to Computershare not later than 3:00 p.m. (Eastern Time) on Tuesday, May 3, 2022, or to the Chair of the Meeting on the day of the Meeting or any adjournment or postponement thereof, or in any other manner prescribed by law.

If you are a Non-Registered Shareholder who has voted and you want to change your mind or revoke your voting instructions, contact your nominee to obtain information on the procedure to follow, where possible.

If you are a Registered Shareholder and have already submitted an Instrument of Proxy and you plan to attend personally at the Meeting, you may revoke the proxy at the Meeting and vote in person.

Matters to be Acted Upon at the Meeting

BUSINESS OF THE MEETING

1. Consolidated Financial Statements

The consolidated financial statements of AutoCanada for the year ended 2021 and the auditor's report thereon have been delivered, either by mail or electronically, to all Registered Shareholders and also to Non-Registered Shareholders who requested such documents. These financial statements will be presented to the Shareholders at the Meeting and no vote is required with respect to this matter. The Directors have approved these financial statements. A copy of the audited consolidated financial statements can also be accessed electronically on the Company's profile at www.sedar.com and on our website at www.autocan.ca.

2. Election of Directors

Management is not aware of any reason why any of the nominees named herein would be unable or unwilling to serve as a Director. However, if a nominee is not available to serve at the time of the Meeting, and unless otherwise specified (including by a Shareholder direction to withhold a vote), the persons designated in the Instrument of Proxy may vote in favour of a substitute nominee or nominees selected by the Board.

The following are the names of the proposed nominees for election as Directors:

1. Paul Antony
2. Dennis DesRosiers
3. Rhonda English
4. Stephen Green
5. Barry James
6. Lee Matheson
7. Elias Olmeta

The Board has adopted a policy which requires that any nominee for election as a Director who receives a greater number of votes "withheld" than votes "for" his or her election as a Director shall submit his or her resignation to the Board for consideration forthwith following the Meeting. This policy applies only to uncontested elections, meaning elections where the number of nominees for Director is equal to the number of directors to be elected. The Board shall consider the resignation and determine whether or not to accept the resignation within 90 days of the applicable meeting and a news release will be issued by the Company announcing the Board's determination. Any Director who tenders his or her resignation will not participate in any meetings to consider whether the resignation is to be accepted.

At our annual and special meeting of Shareholders on May 8, 2015, Shareholders approved and adopted By-Law No. 2 (Advance Notice By-Law) which sets out the framework for advance notice of nominations of Directors by Shareholders. If a Shareholder wishes to nominate someone for election, nominations must comply with the procedures set out in By-Law No. 2. A copy of By-Law No. 2 was filed on www.sedar.com on March 20, 2015 and is available under the "Investors" section of our website.

Detailed information about these nominees is contained in this Information Circular in the "Information Concerning the Director Nominees" section.

At the Meeting, it is proposed that Shareholders elect each of the nominees listed above to serve as a Director of AutoCanada and to hold such office until the earlier of our next annual meeting of Shareholders or until his or her successor is elected.

We recommend that you vote FOR the election of the nominees listed above. Unless otherwise instructed, the Management representatives designated in the enclosed Instrument of Proxy intend to vote FOR the election of those nominees.

3. Appointment of Independent Auditor

During the 12 previous financial years ended December 31, PricewaterhouseCoopers LLP has served as the auditor to AutoCanada, and previously to AutoCanada Income Fund, predecessor to the Company. Representatives of the auditor will be present at the Meeting and will be given the opportunity to speak and to answer any questions.

At the Meeting, the Shareholders will be asked to consider and, if deemed advisable, to approve an ordinary resolution to reappoint PricewaterhouseCoopers LLP to serve as the auditor of AutoCanada until the next annual meeting of Shareholders and to authorize the Directors to fix their remuneration.

Fees payable for the years ended December 31, 2021 and December 31, 2020 to PricewaterhouseCoopers LLP were \$960,390 and \$1,226,186, respectively, as detailed in the following table:

Fee category	2021	2020
Audit fees ⁽¹⁾	\$ 570,000	\$ 565,000
Audit-related fees ⁽²⁾	\$ 308,200	\$ 309,300
Tax fees ⁽³⁾	\$ 82,190	\$ 105,800
All other fees ⁽⁴⁾	\$ —	\$ 246,086
Total	\$ 960,390	\$ 1,226,186

(1) Audit fees, system conversion and acquisition related testing.

(2) Audit-related fees include all fees paid to PricewaterhouseCoopers LLP for the review of the interim consolidated financial statements and other services in connection with regulatory filings.

(3) Tax fees includes all fees paid to PricewaterhouseCoopers LLP for tax compliance matters and tax consulting services.

(4) All other fees - All fees paid to PwC LLP for consulting services.

We recommend that you vote FOR the reappointment of PricewaterhouseCoopers LLP as our auditor to hold office until the close of the next annual shareholders' meeting at remuneration to be fixed by the Board. Unless otherwise instructed, the management representatives designated in the enclosed proxy intend to vote FOR this reappointment.

4. Approval of Unallocated Options

Pursuant to the policies of the Toronto Stock Exchange ("TSX"), unallocated options, rights or other entitlements granted under security based compensation arrangements that do not have a fixed maximum number of securities issuable, must be approved by the issuer's securityholders every three years. The Stock Option Plan (the "Option Plan") of the Company, which was approved by Shareholders on December 17, 2009, requires the foregoing approval as the number of authorized but unissued Shares that may be subject to the Option Plan is 10% of the aggregate number of issued and outstanding Shares. All unallocated options were last approved by Shareholders on May 3, 2019.

Accordingly, at the Meeting, Shareholders will be asked to consider and, if thought fit, approve an ordinary resolution approving the unallocated options under the Option Plan. There have not been any amendments to the Option Plan since it was last approved in 2009.

As at the date hereof, there were options to purchase 2,745,968 Shares outstanding under the Option Plan, which represents approximately 10.3% of outstanding shares, currently leaving no options to purchase shares available for future grants. The percentage currently exceeds 10% as the Company repurchased shares for cancellation under its normal course issuer bid after the grant of options. As and when currently outstanding options are exercised, expire or are cancelled, options to purchase shares will be available for future grants to the extent of the available room under the 10% threshold at the applicable time.

If approval is obtained at the Meeting, the Company will not be required to seek further approval of the grant of unallocated options under the Option Plan until 2025. If approval is not obtained at the Meeting, options which have been allocated will continue and will not be affected, however in such circumstances, additional options will not be available for grant, including any options that may become available for grant upon exercise, expiry, or cancellation of currently outstanding options.

Further information relating to the Option Plan is provided in this Management Information Circular under the heading "Compensation Discussion and Analysis - AutoCanada Stock Option Plan".

The complete text of the ordinary resolution which the Company intends to place before the Meeting, for consideration and approval by Shareholders is as follows:

“BE IT HEREBY RESOLVED as an ordinary resolution of the Shareholders that:

1. All unallocated options under the Option Plan of the Company be and are hereby approved;
2. The Company is hereby authorized to continue granting options under the Option Plan until May 5, 2025, being the date that is three years from the date of this shareholder approval of unallocated option entitlements under the Option Plan and the Option Plan is hereby renewed in its entirety; and
3. Any one or more of the directors or officers of the Company is hereby authorized to sign all such documents and to do all such acts and things as such director or officer determines, in his or her discretion, to be necessary or advisable in order to properly implement and give effect to the foregoing.”

In order for the foregoing resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders in person or by proxy at the Meeting on such resolution.

Compensation Discussion and Analysis

Introduction

Under applicable securities laws, the Company is required to disclose certain financial and other information relating to the compensation of its NEOs. "NEO" is defined by securities legislation to mean: (i) the Chief Executive Officer (or such individual who acted in a similar capacity); (ii) the Chief Financial Officer (or such individual who acted in a similar capacity); (iii) each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the Chief Executive Officer and Chief Financial Officer, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and (iv) each individual who would be a "NEO" under paragraph (iii) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of the most recently completed financial year.

The compensation discussion and analysis ("CD&A") is intended to provide Shareholders with an understanding of the Company's approach to compensation, including a description of the decisions and processes involved, the different components of the Company's program, what the Company paid NEOs for the financial year ended December 31, 2021, and why. The NEOs for the financial year ended December 31, 2021 were:

- Paul Antony, Executive Chair
- Michael Rawluk, President
- Mike Borys, Chief Financial Officer
- Peter Hong, Chief Strategy Officer & General Counsel
- Jim Douvas, Vice President U.S. Operations

Executive Compensation Philosophy

The Company recognizes the critical importance that a highly engaged leadership team plays in the creation of sustained shareholder value. Through its compensation programs, the Company is able to attract, motivate and retain the caliber of executives needed in a highly competitive marketplace. Generally, the Company's current executive compensation programs are designed to:

- attract and retain high caliber executives who can advance the Company's strategy in a competitive environment;
- motivate executives to act in the best interests of the shareholders and other key stakeholders through performance-based compensation;
- reward executives for demonstrated leadership and the achievement of strategic corporate objectives; and
- provide market competitive compensation for delivering on the Company's goals with increased compensation opportunity for exceptional results.

During the financial year ended December 31, 2018, there were significant changes to the composition of the Board of Directors, including the Governance and Compensation Committee, and of the senior executives of the Company. The executive compensation program for the current senior executives of the Company who joined the Company during the period from July to September of 2018, took into account the key objective of attracting and retaining high caliber senior executives during this period of transition and uncertainty. Further, the executive compensation program for Mr. Douvas, who joined the Company in March 2021, took into account the key objective of fuelling material improvements in the Company's U.S. operations.

Risks Associated with the Company's Compensation Policies and Practices

The Governance and Compensation Committee is responsible for reviewing the implications of risks associated with the Company's compensation policies and practices and reporting any identified risks that are reasonably likely to have a material adverse effect on the Company. The Governance and Compensation Committee considers the balance between long-term objectives and short-term financial goals incorporated into the Company's executive compensation program and whether or not executives are potentially encouraged to expose the Company to inappropriate or excessive risk. The Company's executive compensation program has been structured similarly among all of the members of the Company's senior leadership team and the Board has the discretion to award incentives based on short-term and long-term objectives.

As at the date of this Information Circular, the Board has not conducted a formal evaluation of the implications of the risks associated with the Company's compensation policies. As stated above, risk management is a consideration of the Company when implementing its compensation policies, and the Board does not believe that the Company's compensation policies result in unnecessary or inappropriate risk-taking, including risks that are likely to have a material adverse effect on the Company.

Trading Policy

The Company maintains a comprehensive disclosure and trading policy ("Joint Disclosure, Confidentiality, Trading and Anti-Hedging Policy"). The Joint Disclosure, Confidentiality, Trading and Anti-Hedging Policy specifically restricts any policy participant from purchasing financial instruments, including, for greater clarity, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in the market value of AutoCanada securities or share-based or option-based awards granted by AutoCanada as compensation or held, directly or indirectly, by the policy participant. In addition, subject to certain limited exceptions, the *Canada Business Corporations Act* prohibits a director or officer of AutoCanada or its subsidiaries or a person employed or retained by AutoCanada from knowingly selling securities of AutoCanada, directly or indirectly, where such person does not own or has not fully paid for the securities being sold or from knowingly selling a call or buying a put in respect of securities of AutoCanada.

Role and Composition of the Governance and Compensation Committee

The Board has delegated to the Governance and Compensation Committee responsibility for setting and implementing compensation policy for the Company's senior leadership team. The Governance and Compensation Committee consists of four independent Directors. The Governance and Compensation Committee is currently comprised of Stephen Green (Chair), Dennis DesRosiers, Lee Matheson and Maryann Keller, all of whom are independent Directors of the Company within the meaning of National Instrument 58-101 - *Disclosure of Corporate Governance Practices*. The Board believes that the Governance and Compensation Committee collectively has the knowledge, experience and background in executive compensation and human resources matters required to fulfill its mandate. The Governance and Compensation Committee has a formal mandate which is reviewed and, if required, updated annually.

Executive Compensation

The goal of the executive compensation framework is to achieve the objectives set out above under "Executive Compensation Philosophy".

To determine the appropriate compensation mix, the Governance and Compensation Committee considers the short and long-term business objectives of the Company, the executive's ability to affect such objectives and the Company's results, together with appropriate market practices.

Annual Compensation Review Process

Each year, the Governance and Compensation Committee reviews the total compensation for the Company's senior executives. The determination of base salary adjustments and incentive based awards for the senior executives begins with a review of the performance against applicable objectives. The Governance and Compensation Committee also assesses the sustained individual performance and anticipated future potential of each senior executive and makes a recommendation to the Board in respect of the any base salary adjustments and appropriate incentive awards.

Components of Executive Compensation

The components of the Company's compensation package for the senior executives, and the descriptions of the key attributes of the programs are outlined below. Only senior executives participate in the Incentive Compensation Plan.

Base Salary - Compensates senior executives for the leadership and specific skills needed to fulfill their responsibilities.

Incentive Compensation Plan - Rewards senior executives for their contribution to the achievement of annual financial and non-financial goals by providing performance-based bonuses and links the long term interests of executives and shareholders by rewarding executives for achieving the goals of the Company by awarding long-term equity-based incentives.

Base Salary

Individual executive salaries are typically set with a view towards offering market-competitive fixed compensation in order to attract and retain leaders with the appropriate skill sets. The Governance and Compensation Committee makes an annual recommendation to the Board for the annual salaries of the senior officers, taking into consideration market comparators for the executive's position, the experience, knowledge and performance of the executive and the total compensation packages of the executives. There are no annual inflationary or automatic adjustments to executive salaries; however executive salaries will continue to be reviewed on an annual basis to ensure alignment with the market.

Incentive Compensation Plan

The Incentive Compensation Plan provides the senior executives with appropriate short-term and long-term incentives in connection with achieving performance-based goals and/or providing compensation that is linked to the long-term value of the equity of the Company.

The Incentive Compensation Plan achieves this through an annual cash bonus component and an equity incentive component. These two components of the Incentive Compensation Plan are referred to as the Short-Term Incentive Plan (the "STIP") and the Long-Term Incentive Plan (the "LTIP") and are described in further detail below.

Short-Term Incentive Plan - The STIP aims to enhance the link between pay and performance by aligning the financial, strategic and operational interests and motivations of the Company's senior executives with the annual financial, strategic and operational goals and objectives of the Company. It is designed to motivate Management to work toward common annual performance objectives while also acknowledging and rewarding individual goal achievement. The Governance and Compensation Committee has the discretion under the STIP to determine the appropriate metrics, targets and/or objectives to be achieved.

Long-Term Incentive Plan - The LTIP is designed to recognize and reward the impact of longer-term strategic actions undertaken by the senior executives and align the interests of the Company's senior executives and its shareholders. The program is designed to focus Management on successfully implementing the continuing strategic plan of the Company, improve retention of senior executives and attract talented individuals to the Company. In 2011, the Company established an equity-based incentive compensation plan referred to as the Share Unit Plan for Employees of AutoCanada or the "Share Unit Plan". The Share Unit Plan allows for the Governance and Compensation Committee to grant share units, including restricted share units ("RSUs"), to employees of AutoCanada. RSUs vest over such periods as may be determined by the Governance and Compensation Committee, with the awards to be paid in cash and/or Shares following vesting. In 2018, the Company established the Phantom Stock Option Plan which allows for the grant of Share Appreciation Rights ("SARs") to employees and consultants of AutoCanada.

The Company has established a share purchase trust ("Trust") to purchase Shares from the market prior to vesting of RSUs and SARs (the "Awards") and Deferred Share Units ("DSUs") in order to reduce the risk of share price appreciation or depreciation between the time of the grant of the Awards and the time of settlement. Upon vesting, the Company will direct the Trust to settle the applicable Awards in Shares. RSUs and DSUs are entitled to accumulate dividends until they vest, if applicable. Additional RSUs earned by executives as dividends are awarded based on the amount of dividend per Share multiplied by the number of unvested RSUs at the date the dividends are paid.

AutoCanada Stock Option Plan

In 2009, the Company established the AutoCanada Option Plan (the "Option Plan") under which options ("Options") may be granted to our Directors, officers, employees and consultants ("Participants"), in order to provide an opportunity for these individuals to increase their proprietary interest in our long-term success.

Pursuant to the Option Plan, AutoCanada may issue up to and including 10% of its issued and outstanding Shares on the grant date (on a non-diluted basis) as Options. The aggregate number of Shares reserved for issuance to insiders pursuant to Options or other security based compensation arrangements of AutoCanada shall not exceed 10% of the total number of Shares then outstanding at the time of grant and the aggregate number of Shares reserved for issuance to any one person shall not at any time exceed 5% of the total number of Shares then outstanding. The issuance of Shares to insiders of AutoCanada pursuant to Options or any other security based compensation arrangements shall not exceed more than 10% of the total number of Shares outstanding within a one year period and the issuance of Shares to any one insider and such insider's associates shall not exceed more than 5% of the total number of Shares outstanding within a one-year period. The Option Plan is considered an "evergreen" plan, since the Shares covered by Options which have been exercised shall be available for subsequent grants under the Plan and the number of Options available to grant increases as the number of issued and outstanding Shares increases.

Pursuant to the Option Plan, the Board shall make all necessary or desirable determinations regarding the granting of Options to Participants and may take into consideration the present and potential contributions of a particular Participant to the success of AutoCanada and any other factors which it may deem proper and relevant. The exercise price of each Option is determined by the Board and shall not be lower than the closing price of the Shares on the TSX immediately preceding the date of grant.

Subject to earlier termination as described below, each Option and all rights thereunder granted pursuant to the Option Plan shall expire on the date determined by the Board, provided that the duration of an Option shall not be less than one year or exceed 10 years. Unless otherwise specified by the Board, Options will vest as to 1/3 after each of the first, second and third anniversaries of the grant of the Option.

Vested Options may be exercised no later than 120 days following the date a person ceases to be an eligible Participant, unless such person ceases to be an eligible Participant due to termination of employment for cause or due to the breach, expiry or termination of a consulting agreement, in which case no Options may be exercised following the date of termination. If the cessation of office, directorship, employment or consulting arrangement is by reason of death, vested

Options may be exercised by the successors of the deceased within a maximum period of 120 days following such death, unless extended by the Board to a maximum of one year in total, subject to the expiry date of such Option. Where the Option expires or is deemed to expire during a black-out period (as determined by the policies of AutoCanada) or within 10 business days from the date that any black-out period ends, the Option shall not be deemed to expire until the day that is 10 business days from the last day of the black-out period. Options are non-transferable except to the extent the rights of a Participant pass to another person upon death by will or pursuant to the laws of descent and distribution.

The Option Plan provides Participants with a cash surrender right which entitles the Participant, subject to the Company's discretion, to surrender to the Company unexercised Options that are vested and receive payment in cash of an amount equal to the excess of the fair market value of the Shares that may be purchased pursuant to the surrendered Options over the exercise price of the Options.

The Board may in its discretion amend the Option Plan and may amend the terms and conditions of Options granted pursuant to the Option Plan, without Shareholder approval. Without limiting the generality of the foregoing, the Board may amend the Option Plan without Shareholder approval if the amendment:

- is for the purpose of curing any ambiguity, error or omission in the Option Plan or to correct or supplement any provision of the Option Plan that is inconsistent with any other provision of the Option Plan;
- is necessary to comply with applicable law or the requirements of any stock exchange on which the Shares are listed;
- is an amendment to the Option Plan respecting administration and eligibility for participation under the Option Plan;
- changes the terms and conditions on which Options may be granted pursuant to the Option Plan including the provisions relating to vesting provisions and the period during which an Option may be exercised;
- changes the termination provisions of an Option or the Option Plan which does not entail an extension beyond the original expiry date;
- is an amendment of the cashless exercise feature, payable in cash or securities which provides for a full deduction of the number of underlying securities from the Option Plan; or
- is an amendment to the Option Plan of a "housekeeping nature", provided that the amendment does not change the number of Shares issuable under the Option Plan, add any form of financial assistance by the Company, change the class of eligible Participants to the Option Plan, extend the term of Options held by insiders or reduce the exercise price of Options held by insiders. Amendments are subject to any required approval of any regulatory authority or stock exchange.

One-time grants of Options were made in 2018 to Messrs. Antony, Rawluk and Hong, in 2019 to Mr. Borys, in 2020 to Tamara Darvish, and in 2021 to various Vice-Presidents. See "Outstanding Share Based Awards" for more details.

The following table sets forth the annual burn rate, calculated in accordance with the rules of the TSX, in respect of the Company's equity based compensation plans for each of the three most recently completed financial years:

	2021 Burn rate ⁽¹⁾	2020 Burn rate ⁽¹⁾	2019 Burn rate ⁽¹⁾
Stock Option Plan	1.26%	0.37%	1.71%

⁽¹⁾ The annual gross burn rate is calculated as follows and expressed as a percentage:

$$\frac{\text{Number of securities granted under the arrangement during the applicable fiscal year}}{\text{weighted average number of securities outstanding for the applicable fiscal year}}$$

Termination of Employment, Change of Control and Employment Contracts

Paul Antony, Executive Chair. The employment agreement with Mr. Antony is for an indefinite term. The employment agreement provides that in the event we terminate the employment of Mr. Antony without cause, Mr. Antony will be entitled to a lump sum payment equal to two times annual base salary. This payment is not applicable if Mr. Antony is terminated as a result of the President assuming the role of Chief Executive Officer. In the event of termination without cause or resignation for good reason in connection with a change of control of the Company, Mr. Antony will be entitled to a lump sum payment equal to two times the annual base salary, and the vesting of all options and LTIP awards will accelerate. In connection with the additional responsibility of overseeing the Used Digital Retail Division, Mr. Antony, was granted incentive compensation on December 1, 2020 in the form of a limited partner interest representing 15% of the common equity interests in the limited partnership established to hold the Division. Mr. Antony may seek liquidity for his limited partner interest at any time by specifying a price for the interest, after which a process is in place to consider liquidity options. After 10 years, Mr. Antony and AutoCanada have put or call rights for Mr. Antony's limited partner interest at fair market value as determined by an independent financial advisor. In the event of the termination of Mr. Antony without cause (and Mr. Antony also ceasing to be a director of AutoCanada) or the death or permanent disability of Mr. Antony, in either case prior to the third anniversary after the issuance of his limited partnership interest, the holder of such limited partnership interest may require AutoCanada to purchase (with such right being exercisable only during the 180-day period following such termination, death or disability), or AutoCanada may after the fifth anniversary of the issuance of such limited partnership interest require the holder of such limited partnership interest to sell to AutoCanada, the limited partnership interest for fair market value on the basis described above. In the event of the termination of Mr. Antony with cause, AutoCanada may require the holder of Mr. Antony's limited partnership interest to sell his limited partnership interest to AutoCanada for fair market value on the basis described above.

Michael Rawluk, President. The employment agreement with Mr. Rawluk was for an indefinite term. The employment agreement provided that in the event we terminated the employment of Mr. Rawluk without cause, Mr. Rawluk would have been entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the STIP target amount and the LTIP target amount. In the event of termination without cause or resignation for good reason in connection with a change of control of the Company, Mr. Rawluk would have been entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the LTIP target amount and the STIP target amount, and the vesting of all options and LTIP awards would have been accelerated. As disclosed earlier in this Information Circular, Mr. Rawluk departed from AutoCanada for personal reasons on March 2, 2022.

Mike Borys, Chief Financial Officer. The employment agreement with Mr. Borys is for an indefinite term. The employment agreement provides that in the event we terminate the employment of Mr. Borys without cause, Mr. Borys will be entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the STIP target amount. In the event of termination without cause or resignation for good reason in connection with a change of control of the Company, Mr. Borys will be entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the STIP target amount and the LTIP target amount, and the vesting of all options and LTIP awards will accelerate.

Peter Hong, Chief Strategy Officer & General Counsel. The employment agreement with Mr. Hong is for an indefinite term. The employment agreement provides that in the event we terminate the employment of Mr. Hong without cause, Mr. Hong will be entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the STIP target amount and the LTIP target amount. In the event of termination without cause or resignation for good reason in connection with a change of control of the Company, Mr. Hong will be entitled to a lump sum payment equal to two times the aggregate of annual base salary plus the LTIP target amount and the STIP target amount, and the vesting of all options and LTIP awards will accelerate.

Jim Douvas, Vice President, US Operations. The employment agreement with Mr. Douvas is for an initial term of 5 years, commencing on March 8, 2021 and ending on March 7, 2026. The employment agreement provides that in the event we terminate the employment of Mr. Douvas without cause during the first year of employment, Mr. Douvas will be entitled to a defined lump sum payment. In the event we terminate the employment without cause of Mr. Douvas during the second year of employment, Mr. Douvas will be entitled to a lump sum payment based on the financial results of the US segment. Subsequent to the second year of employment and prior to the end date of the employment agreement, a termination without cause will result in a defined lump sum payment. A pro-rated STIP amount would also be included with the lump sum payments.

The following table summarizes the payments that would be received by each NEO in each circumstance where the NEO ceases to be employed by AutoCanada on December 31, 2021. The amounts shown in the table are calculated based on positions held, and the terms applicable, as at December 31, 2021.

(1) The Share Unit Plan provides that any unvested awards will have a six-month vesting window upon a without cause termination. Upon death, all unvested awards will immediately vest. Upon a change of control, all unvested options will accelerate.

(2) The Stock Option Plan provides that a participant shall have 120 days to exercise any vested options in the case of without cause termination, retirement, resignation or death or disability. The employment agreements for Messrs. Antony, Rawluk, Hong and Borys provide that all unvested options will accelerate in the event of a change in control. The above amounts are calculated based on the closing price of Shares on December 31, 2021 of \$42.70 and assumes that all vested options will be exercised.

(3) Please see the description of Mr. Antony's interest in the Used Digital Retail Division in the "Termination of Employment, Change of Control and Employment Contracts" section.

(4) The employment agreement for Mr. Douvas provides that if the employee ceases to be employed, any then vested SARs will be exercisable for 30 days and all unexercised SARs will terminate on such 30th day.

Except as described above, there is no compensatory plan, contract or arrangement where a NEO is entitled to receive any payment from us or our subsidiaries, including periodic payments or installments, in the event of the resignation, retirement or any other termination of the NEO's employment, a change of control of us or any of our subsidiaries or a change in the NEO's responsibilities following a change in control.

Compensation of Directors

Director Compensation

Up until November 9, 2021, each Director who is independent, as independence is defined in National Instrument 52-110 – *Audit Committees*, was compensated by way of an annual retainer, an annual fee for serving as Lead Director or chair of a committee, and meeting attendance fees, all as set forth in the following table:

Position/Description	Compensation per Director	Frequency
Board Director	\$100,000	per year
Lead Director	\$30,000	per year
Committee Chair	\$20,000	per year
Meeting attended in person	\$2,000	per meeting
Meeting attended by telephone if less than 4 hours	\$500	per meeting
Meeting attended by telephone if more than 4 hours	\$1,000	per meeting
Out of province travel stipend	\$1,500	per occurrence

Directors were permitted to elect to take some or all of this compensation in DSUs of the Company. Please see the “DSU Plan” section that follows.

Recognizing that the Director compensation package had remained unchanged since 2016 and no peer benchmark analysis had been undertaken in the past five years, the Governance and Compensation Committee requested that a director compensation benchmarking review be conducted in January 2021, with the results of such peer benchmark having been presented and discussed at a number of subsequent meetings of the committee. The following factors were taken into consideration by the Governance and Compensation Committee: (i) contributions, responsibilities, risks and time commitment of the Independent Directors, (ii) compensation alignment with shareholder interests; (iii) compensation provided by comparative companies; and (iv) simplicity. Following a unanimous recommendation from the Governance and Compensation Committee to the Board, the Board approved the following new compensation to Independent Directors as set out in the table below with effect as of November 9, 2021:

Position/Description	Compensation per Director	Frequency
Board Director Cash Retainer Fee	\$80,000	per year
Lead Director	\$30,000	per year
Committee Chair	\$20,000	per year
Equity Retainer	\$100,000	per year

The equity retainer is paid in the form of DSUs. Each Director may also elect to receive up to 100% of their cash retainer in the form of DSUs. The Board believes that providing Directors with an equity retainer in the form of DSUs, coupled with the option to receive up to 100% of their cash fees in the form of DSUs, with DSUs not being redeemable until retirement or death, promotes alignment with the interests of AutoCanada’s shareholders.

The cash and equity retainers continue to be paid on a quarterly basis with the number of DSUs to be issued based on the volume weighted average trading price per common share on the TSX for the immediately preceding five trading days.

Directors are entitled to reimbursement of their out-of-pocket expenses incurred in acting as a member of the Board or any committee. Directors also participate in the Company's insurance and indemnification arrangements. If deemed appropriate by the Board, special committees of the Board may be established for certain purposes, the compensation of the members thereof to be at the discretion of the Board.

The aggregate amount paid to the Directors as compensation in their capacity as such, other than Directors who are also NEOs, during the financial year ended December 31, 2021 was \$797,196. The aggregate amount we reimbursed the Directors for out-of-pocket expenses incurred in acting as a member of the Board or any committee during the financial year ended December 31, 2021 was \$159.

The Governance and Compensation Committee of the Board reviews the compensation of Directors periodically, considering such factors as time commitment, responsibility and compensation provided by comparative companies. Based on its annual review, the Governance and Compensation Committee of the Board makes recommendations to the Board when it deems changes in compensation are needed.

DSU Plan

The Board established a Deferred Share Unit Plan in 2012, which was subsequently amended and restated in both 2018 and 2021 (the "DSU Plan"). Pursuant to the DSU Plan, independent Directors may elect to receive all or a portion of their annual board compensation and any other fees payable to the independent Director in the form of Deferred Share Units ("DSUs"), subject to at least 50% of a Director's compensation being paid in DSUs (the "DSU Retainer"). The purpose of the DSU Plan and the DSU Retainer is to provide independent Directors with the opportunity to participate in the long-term success of AutoCanada and to promote a greater financial interest of Directors in the Company.

DSUs are bookkeeping entries on the books of the Company, each having a value equal to the value of one common share of the Company. Subject to the DSU Retainer, a Director may elect to receive up to 100% of their compensation in DSUs. During any given year, on quarterly predetermined payment dates, Directors who have so elected will receive, instead of director's fees in cash DSUs credited to their DSU account.

The number of DSUs credited will have a value equal to the fees that would otherwise be payable for the applicable period divided by then current share price, calculated by taking the volume weighted average trading price per Share during the immediately preceding five trading days prior to the end of the relevant period. DSUs may not be redeemed or cashed until a Director ceases to be on the Board.

At any time from the date a director ceases to be on the Board until December 31st of the following calendar year, the individual may elect to redeem the DSUs and to receive such number of Shares equal to the DSUs in his or her account or, if the Company determines it to not be prudent to acquire Shares, a cash payment equal to the value of the DSUs in his or her account, being the number of DSUs in the account multiplied by the volume weighted average trading price per Share during the immediately preceding five trading days to the date of the redemption of the DSUs, less any applicable deductions.

The Board believes that providing Directors with the alternative of receiving their cash fees and share-based awards in the form of DSUs, which may not be redeemed until retirement or death, further promotes director retention and alignment with the interests of AutoCanada's shareholders.

A written position description is included in the Company's Lead Director Position Description. Directors also receive a comprehensive package of information prior to each Board and committee meeting. The Board and the committees also received a number of presentations in 2021 that focused on performance, strategy and opportunities for the business. Some of these presentations included an environmental, social and governance review, corporate governance updates, an information technology and cybersecurity update including key mitigation efforts and system improvements with respect to business continuity planning. Directors also have access to the Company's senior management and employees on an ongoing basis throughout their mandate.</p> <p>The Board relies on professional assistance when judged necessary in order to be educated or updated on a particular topic. CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	OUR CORPORATE GOVERNANCE PRACTICES
<p>b. Describe any steps the Board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.</p>	<p>A director is required to disclose to the Board information regarding any transaction or agreement in respect of which a director or executive officer has a material interest and to abstain from voting on any matter in respect of such transaction or agreement in which the director has an interest. The Board monitors compliance with the code of conduct and is responsible for considering any waivers of the code of conduct. The Governance and Compensation Committee is responsible for reviewing and evaluating the code of conduct from time to time and making recommendations for any necessary or appropriate changes to the Board.</p>
6. Nomination of Directors	
<p>a. Describe the process by which the Board identifies new candidates for Board nomination.</p>	<p>The Board has delegated to the Governance and Compensation Committee responsibility to identify and recommend qualified individuals to be recruited to the Board, as and when required. In fulfilling this responsibility, the Governance and Compensation Committee identifies current gaps, if any, and expected future gaps. In addition to seeking candidates who have the necessary skill sets disclosed by the skills matrix, new candidates are expected to have sound business acumen, along with a high level of financial experience. New candidates for Board nomination also need to possess strong leadership skills, integrity, and the time availability required of a director to fulfill Board responsibilities. Industry specific skills that would be of benefit to the Company, along with experience would be weighed, in addition to diversity, ethnicity, gender, cultural and personality fit, in order to ensure that the Board considers all avenues possible to bring forward an informal list of potential nominees.</p>
<p>b. Disclose whether or not the Board has a nominating committee composed entirely of independent directors. If the Board does not have a nominating committee composed entirely of independent directors, describe what steps the Board takes to encourage an objective nomination process.</p>	<p>The Governance and Compensation Committee is as of the date hereof composed of four independent directors. CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	OUR CORPORATE GOVERNANCE PRACTICES
c. If the Board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.	The charter of the Governance and Compensation Committee delineates the responsibilities, powers and operation of the committee when discharging its duties as a nominating committee. The committee meets regularly.
7. Director Term Limits	
Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.	The Governance and Compensation Committee is responsible for periodically examining and making recommendations to the Board in relation to mechanisms of Board renewal. The Company currently does not have a policy that limits the term of the directors on its board and has not provided other mechanisms of board renewal. The Board has determined that the term limit of the director's mandate or the mandatory retirement age is not in the best interests of the Company at this time. It is the Board's intention to strive to achieve a balance between the desirability to have a depth of institutional experience from its members on the one hand, and the need for renewal and new perspectives on the other hand.
8. Policies Regarding the Representation of Designated Groups on the Board	
a. Disclose whether the issuer has adopted a written policy relating to the identification and nomination of members of "designated groups" (as such term is defined in the <i>Canada Business Corporations Regulations, 2001</i> being women, Aboriginal peoples, persons with disabilities and members of visible minorities) for directors. If the issuer has not adopted such a policy, disclose why it has not done so.	<p>At AutoCanada, diversity is a principle which is supported both by the Board and senior management. In 2015, the Company adopted a written diversity policy (the "Diversity Policy") which recognizes and embraces the many benefits arising from employee and Board diversity, including a broader pool of high-quality employees, improving employee retention, accessing different perspectives and ideas and benefiting from all available talent.</p> <p>Our Diversity Policy specifically seeks to advance diversity at the Board and throughout the Company, having regard to the following criteria, including, but not limited to, gender, age, race, religion, national origin, ethnicity, cultural background, marital status, sexual orientation, and disability. While the language of our Diversity Policy does not specifically call out Aboriginal peoples and members of visible minorities, the above criteria is intended to be non-exhaustive and to capture all designated groups.</p>
b. Disclose the following in respect of the Diversity Policy: <ul style="list-style-type: none"> i. short summary of its objectives and key provisions, ii. the measures taken to ensure that the policy has been effectively implemented, iii. annual and cumulative progress by the issuer in achieving the objectives of the policy, and iv. whether and, if so, how the Board or its committees measure the effectiveness of the Diversity Policy. 	The Diversity Policy aims to ensure there are a broad range of approaches, backgrounds, skills and experience represented on the Board to make appointments on merit and against objective criteria, including but not limited to, gender, age, ethnicity, sexual orientation and geographic background diversity. Board and committee members engaged in nominations are to conduct searches for potential board nominees so as to put forward a diverse range of candidates, including members of designated groups. Given the infrequent turnover of directors, the Board has not set specific targets as to the number of designated group board members it will maintain. However, the Board has made a commitment to the recruitment of diverse individuals by making the identification of diverse candidates a key search criterion. The Diversity Policy was adopted on March 19, 2015 and two female Directors (one in 2015 and one in 2017) and one Director who identifies as an ethnic minority (in 2018) have since joined the Board. The Board currently has one female director and one director who identifies as an ethnic minority. This year's director nominees also includes one new female director, Rhonda English. The Governance and Compensation Committee may be required to annually report on and evaluate the effectiveness of the Diversity Policy in the boardroom and at the executive level.

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	OUR CORPORATE GOVERNANCE PRACTICES
c. Disclose whether or not the Board or nominating committee considers the level of representation of designated groups on the board in identifying and nominating candidates for election or re-election.	Board and committee members are to conduct searches for potential board nominees so as to put forward candidates with a broad range of approaches, backgrounds, skills and experience and to make nominations based on merit and against objective criteria. Diversity is one of many important criteria that is considered, along with a candidate's skills and experience, and both of "gender diversity" and "race/ethnic diversity" are distinctly included in the Board's skills, experience and attributes matrix.
9. Policies Regarding the Representation of Designated Groups in Executive Officer Appointments	
Disclose whether and, if so, how the issuer considers the level of representation of designated groups in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of designated groups in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.	The Company plans to identify candidates for executive positions with a broad range of skills and experience and to make nominations based on merit and against objective criteria. Diversity is one of many criteria that is considered, however a candidate's skills and experience will be the primary search criteria.
10. Targets Regarding the Representation of Designated Groups on the Board and in Executive Officer Positions	
Disclose whether the issuer has adopted a target regarding designated groups on the issuer's Board and in Executive Officer Appointments. If the issuer has not adopted a target, disclose why it has not done so.	The Board has not set specific targets as to the number of designated group board members it will maintain. Additionally, the Company has not adopted specific targets regarding the representation of designated groups in executive officer positions of the Company. The Company believes that consideration of a potential nominee and recruiting for executive level positions should involve an assessment of a candidate's qualities and competencies as a whole instead of emphasizing one diversity metric. The Board is nonetheless actively looking to add an additional female director to the Board in 2022.
11. Number of Designated Groups on the Board and in Executive Officer Positions	
a. Disclose for each group referred to in the definition designated groups, the number and proportion, expressed as a percentage, of members of each group who hold positions on the board of directors.	The Company currently has: (i) one female director, Maryann Keller, which represents 14.5% of total directors and 16.5% of independent directors and (ii) one director who identifies as a member of a visible minority, Elias Olmeta, which represents 14.5% of total directors and 16.5% of independent directors. In addition, Maryann Keller, a female director, currently serves as the Lead Director. Although Maryann Keller is not seeking re-election, this year's director nominees also includes one new female director, Rhonda English. The Company does not have any directors who are Aboriginal or persons with disabilities.
b. Disclose for each group referred to in the definition designated groups, the number and proportion, expressed as a percentage, of members of each group who are executive officers of the issuer, including all of its major subsidiaries.	The Company currently has one executive officer who identifies as a visible minority, Peter Hong, which represents 25% of executive officers. The Company does not have any executive officers who are female, Aboriginal or persons with disabilities.

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	OUR CORPORATE GOVERNANCE PRACTICES
12. Compensation	
<p>a. Describe the process by which the Board determines the compensation for the issuer's directors and officers.</p>	<p>Compensation of Directors is determined by the Board, taking into consideration recommendations of the Governance and Compensation Committee. The Governance and Compensation Committee periodically reviews the design and competitiveness of Board compensation against peer groups, with a view to align interests of Directors and shareholders and provide market competitive compensation. Directors who are also officers of the Company receive no remuneration for serving as Directors. As the Company's Board member compensation levels had remained the same since 2016, the Governance and Compensation Committee conducted a director compensation benchmarking review in the first quarter of 2021, which was discussed and considered at a number of Governance and Compensation Committee meetings. In November 2021, the Board, following a unanimous recommendation of the Governance and Compensation Committee approved changes to independent director compensation considering such factors as (i) contributions, responsibilities, risks and time commitment of the independent directors, (ii) compensation alignment with shareholders interests, (iii) compensation provided by comparative companies and (iv) simplicity.</p> <p>Compensation for the Executive Chair, the President, the Chief Financial Officer and other key officers of AutoCanada is to be approved by the Board, taking into consideration any recommendations by the Governance and Compensation Committee.</p>
<p>b. Disclose whether or not the Board has a compensation committee composed entirely of independent directors. If the Board does not have a compensation committee composed entirely of independent directors, describe what steps the Board takes to ensure an objective process for determining such compensation.</p>	<p>The Governance and Compensation Committee is composed entirely of independent directors.</p>
<p>c. If the Board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.</p>	<p>The charter of the Governance and Compensation Committee delineates the responsibilities, powers and operation of the committee when discharging its duties as a compensation committee, and the committee has followed this charter in discharging its responsibilities, powers and operations. The committee meets regularly.</p>
13. Other Board Committees	
<p>If the Board has standing committees other than the audit, governance and compensation and nominating committees, identify the committees and describe their function.</p>	<p>The Board does not maintain any other standing committees.</p>

CORPORATE GOVERNANCE DISCLOSURE REQUIREMENT	OUR CORPORATE GOVERNANCE PRACTICES
14. Assessments	
<p>Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.</p>	<p>The Governance and Compensation Committee is responsible for ensuring that an appropriate system is in place to evaluate the effectiveness of the Board, the Board committees and individual Directors, with a view to ensuring that they are fulfilling their respective responsibilities and duties and working effectively together as a unit.</p> <p>In 2021, the Board undertook a formal assessment process developed and designed by the Governance and Compensation Committee, consisting of the completion by each Director a written board assessment, questionnaire, and a written director self-evaluation questionnaire in order to assess such matters as Board roles and structure, Board processes, Board composition and development, and Board dynamics and effectiveness. The results of such questionnaires were summarized in a report to identify strengths, opportunities and suggestions with respect to each area of discussion. The Governance and Compensation reported on such summary to the Board. Following the Governance and Compensation Committee and the Board's analysis of the above-mentioned report, a list of recommendations and an associated action plan will be developed with a view to further improving Board performance.</p> <p>The Governance and Compensation Committee also informally monitors Director performance throughout the year to ensure that the Board, the Board committees and individual Directors are performing effectively.</p>
